Wilmer Launches New Texas Distribution Center

Dayton, Ohio; July 1, 2010 – Wilmer announced the company has added a new Texas distribution center to its growing nationwide print servicing capabilities. The new facility, located in Mesquite, TX, services the states of Arkansas, Kansas, Louisiana, New Mexico, Oklahoma and Texas. Wilmer currently has distribution service centers in California, North Carolina, New Jersey, and Ohio.

The Mesquite warehouse offers the southern region lower freight costs and faster delivery times, with typical 1-2 day delivery. Additionally, the new TX facility warehouses a wide range of printed products, including healthcare forms, envelopes, and stock laser checks. Wilmer sales representatives, working in tandem with its manufacturing and distribution centers, provide a full complement of business documents and services to distributors across the country.

About Wilmer

Headquartered in Dayton, Ohio, Wilmer is a wholesale documents manufacturer to the trade only. In business since 1926, Wilmer is an acknowledged provider of choice for value-added business professionals who resell business documents and related services to the small business and home-based office market. Wilmer offers Pressure Seal Self-Mailers, compatible filing products and business solutions for healthcare, financial checks and forms, as well as presentation and custom products.
