

TotalVantage

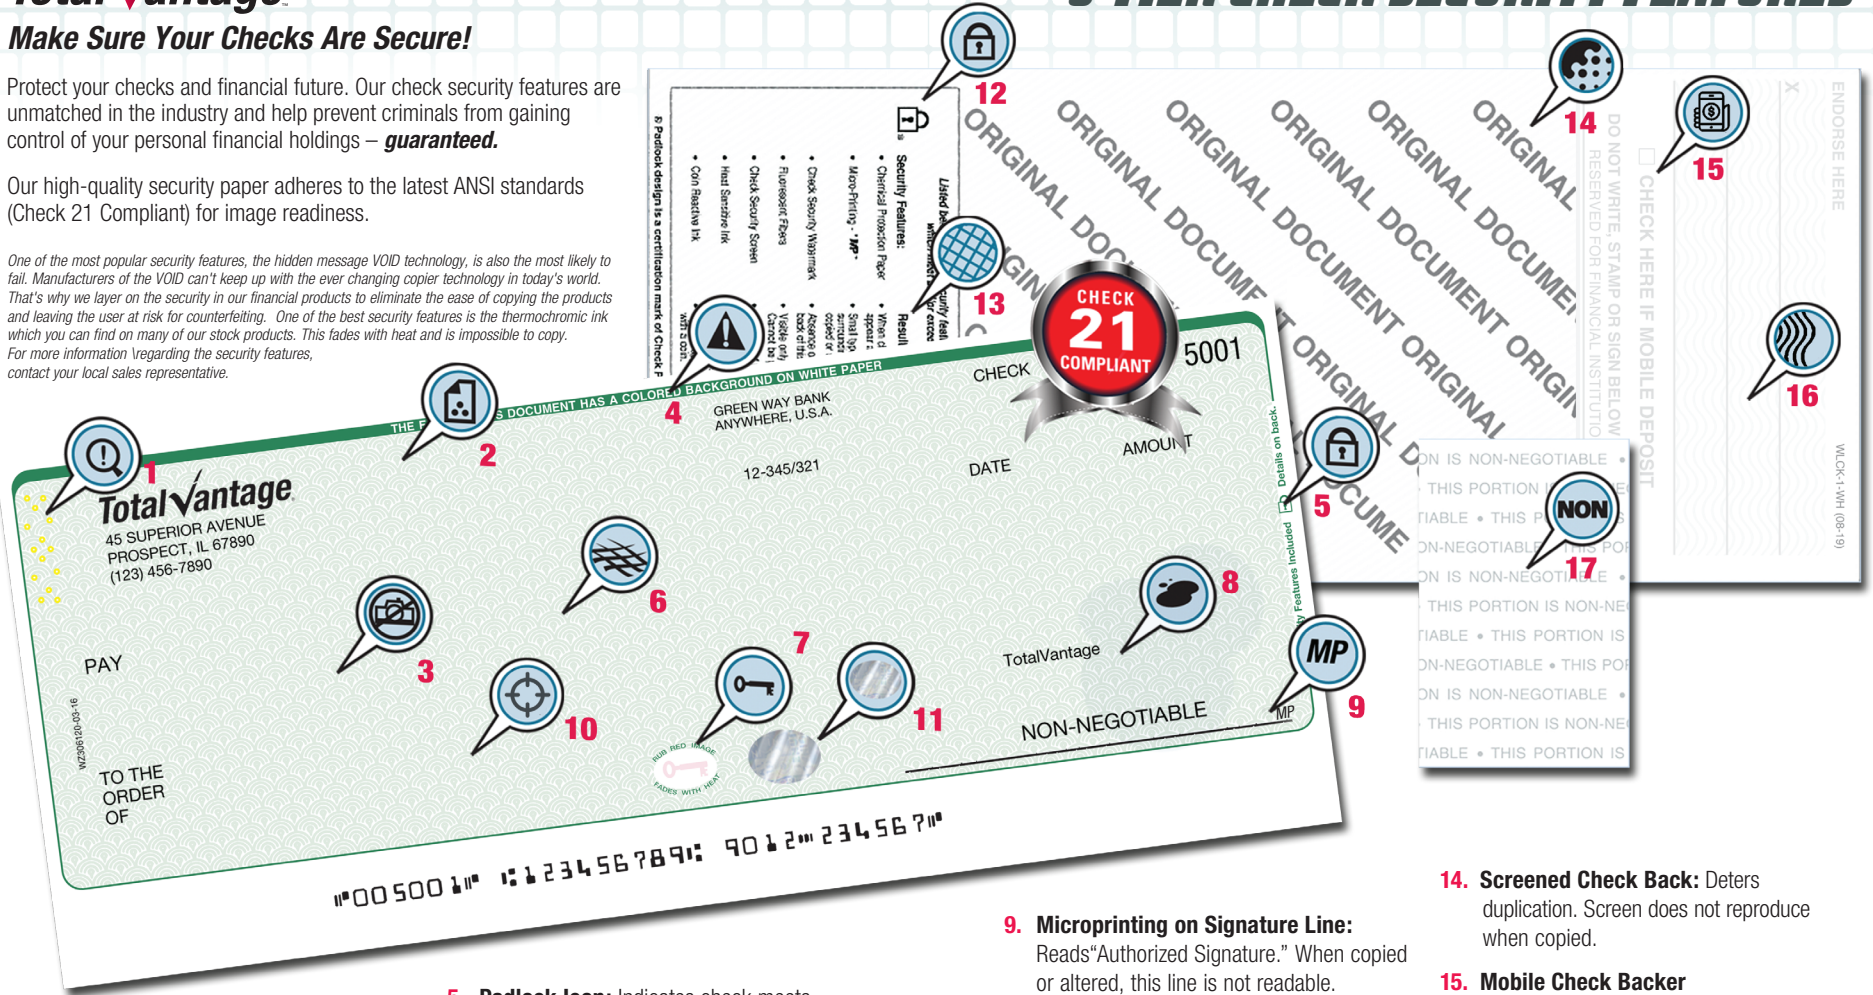

Make Sure Your Checks Are Secure!

Protect your checks and financial future. Our check security features are unmatched in the industry and help prevent criminals from gaining control of your personal financial holdings – **guaranteed**.

Our high-quality security paper adheres to the latest ANSI standards (Check 21 Compliant) for image readiness.

One of the most popular security features, the hidden message VOID technology, is also the most likely to fail. Manufacturers of the VOID can't keep up with the ever changing copier technology in today's world. That's why we layer on the security in our financial products to eliminate the ease of copying the products and leaving the user at risk for counterfeiting. One of the best security features is the thermochromic ink which you can find on many of our stock products. This fades with heat and is impossible to copy. For more information regarding the security features, contact your local sales representative.

3-TIER CHECK SECURITY FEATURES

- 1. V-Dot Technology:** triggers the anti copy chip in most color copiers. When the chip is activated, the copy becomes unusable
- 2. Toner Adhesion**:** Prevents erasure and tampering with laser printed data.
- 3. Photocopy Void***:** The word "Void" will appear when photocopied.
- 4. Security Warning Band Border:** The most popular security border available.

- 5. Padlock Icon:** Indicates check meets industry standard security guidelines listed on back.
- 6. Invisible Fluorescent Fibers in Paper:** Fibers in paper stock are revealed under a black light.
- 7. Heat Sensitive Thermochromic Icon:** Red key disappears when subject to heat or touch (on back for Standard Plus).
- 8. Chemical Stain:** Sensitized paper reacts to chemical attempts to alter check.

- 9. Microprinting on Signature Line:** Reads "Authorized Signature." When copied or altered, this line is not readable.
- 10. Pigment Based Ink:** Pigment-based ink printed areas will NOT wash away when chemical alteration attempts are made.
- 11. Hologram****:** Three dimensional metallic image fused on paper.
- 12. Padlock Icon on Back:** Lists additional visible and concealed security features.
- 13. True Fourdrinier Watermark*:** A diamond shaped watermark can be seen only when held at a 45 degree angle and cannot be altered or reproduced.

- 14. Screened Check Back:** Deters duplication. Screen does not reproduce when copied.
- 15. Mobile Check Backer**
- 16. Digital Verification Grid:** The verification grid appears on the original and disappears when photocopied.
- 17. Non-Negotiable Phrase:** Secures voucher from alteration.

* True watermark available only on Standard Plus Laser Checks.

** Toner Adhesion available only on Standard Plus and Stock Laser Checks.

*** Photocopy Void, optional on Standard Plus Checks; available with Scallop Void on Standard and Stock Laser Checks.

**** Hologram available only on Standard and Stock Laser Checks with Scallop Void.
