

Hologram PSMailers Checks

Now more security features are available on our top sellers!

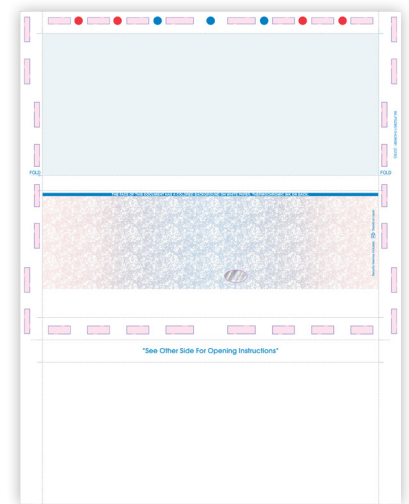

Holograms have been added to our top three stock psmailers documents.

Prismatic (Red/Blue/Red)

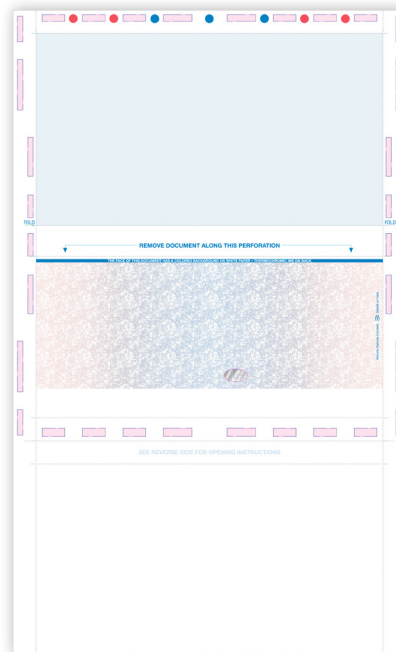

Built-in Security Features

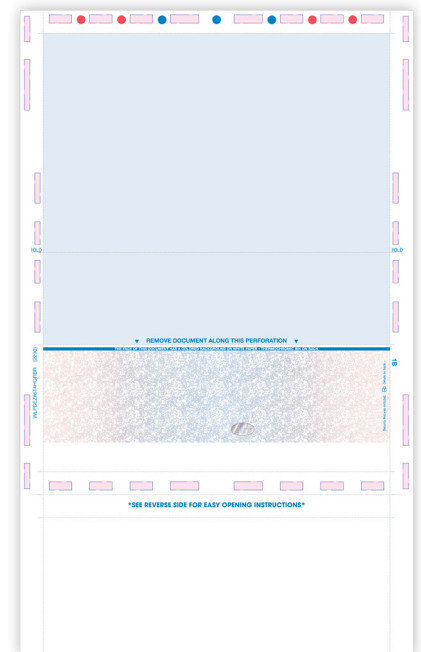

-  **Chemical Stain (28SP, 28TA):** Sensitized paper reacts to chemical attempts to alter check.
-  **Invisible Fluorescent Fibers in Paper (28SP, 28TA):** fibers in paper stock are revealed under black light.
-  **Microprinting Below Endorsement Area:** Line copy reads "Original Document." When copied, the wording is not readable.
-  **Hologram:** Three dimensional metallic image fused on paper.
-  **Padlock:** Indicates check meets industry standard security guidelines listed on back.
-  **Screened Check Back:** Deters duplication. Screen does not reproduced when copied.
-  **Heat sensitive thermochromic Ink:** Red key disappears when subject to heat or touch.
-  **Toner Adhesion (28TA):** Prevents erasure and tampering with laser printed data.
-  **Photocopy Void:** The word "Void" will appears when photocopied.
-  **Security Warning Band Border:** Prevents erasure and tampering with laser printed data.
